Message from the Principal

Hello Ivy Hawn Families!

I want to express my gratitude to all who came to support Ivy Hawn at our 10th Anniversary Celebrations over the last few weeks. It was so fun to see our students excited about Spirit Week and sharing the stage with teachers and alumni at our performances.

We have noticed a rather large increase in the amount of students who are tardy for school. **Students are counted tardy if they are not in class by 7:50.** Please make arrangements for your student to be on time for school so they don't miss important announcements and instruction. Teachers often utilize this time with students to build and support relationships with and among their students.

Thank you for your continued support of Ivy Hawn, Mrs. Suhr

UPCOMING DATES

- 3/10: 6th Grade Sea World Field Trip
- 3/10-3/20: Spring Break
- 3/11: Teacher Duty Day
- 3/24-3/25: 7th grade Tallahassee Trip
- 3/30: FSA Kick-Off Assembly
- 4/4: 6th and 7th FSA Testing
- 4/5: 8th FSA Testing
- 4/5-4/6: 3rd FSA Testing
- 4/6: 4th and 5th FSA Testing
- 4/20-4/22: Accreditation
- 5/31: 8th-grade Celebration at Deland High School 6 pm

MARK YOUR CALENDARS:

- 8th grade Celebration will be May 31st at **6:00pm** in the Deland High School Theatre-please note the time change!
Classroom Updates

FSA Testing - From Ms. Pryce

FSA is quickly approaching! First, up in April is FSA Writing and Reading. Our 6th and 7th graders will show what they know on April 4th and 8th grade on April 5th.

6th grade will be paper-based, and 7th & 8th-grade computer-based testing. On Tuesday, April 5 and 6, our 3rd graders will have the opportunity to show what they know about the reading FSA. Closing out April testing is our 5th graders with FSA writing on the 6th. Please ensure that your child is present and on time during these dates.

May testing starts Monday the 2nd - 17th. Be on the lookout for more information.

Test Day Tips:
- Get a good night’s sleep
- Eats a healthy breakfast
- Make sure your child is prepared
- Remain positive
  - Staying calm will help your child stay calm
- Give your child some encouragement

Kindergarten

Kindergarten is working on writing a paragraph! We are learning that a paragraph is all about one topic and is separated with several sentences. We are also diving into higher numbers more than 10! We are taking apart and putting together our teen numbers like champs!

1st Grade

ELA - We are starting to learn about the “bossy r” sound with ar, or, er, ir, ur. Our comprehension focus is shifting towards nonfiction texts and comparing two texts on the same subject.

Grammar - We will identify and use pronouns and past tense irregular verbs.

Writing - We will write our opinion on a topic.

Math - In math we are learning about non-standard measurement and measuring with rules to the inch. Then we will be start starting our next unit on time and money. We will be telling time to the hour and half hour and learning the value of coins and counting them up to $1.00

Science - Our students will be able to recognize that all plants & animals, including humans, need the basic necessities of air, water, food & space. Students will be learning to identify the major parts of plants including stem, roots, leaves, and flowers. We will plant seeds & watch them grow.

Social Studies - Our first graders will be able to describe how location, weather, & physical environment affect the way people live in communities. We will compare Alaska to Florida living. Then we will learn all about maps. Students will locate places in Florida such as our state capital of Tallahassee, St. Augustine, Orlando, Lake Helen, Daytona Beach, Gulf of Mexico, & the Atlantic Ocean.
3RD GRADE

Third grade will be preparing for a field trip in the beginning of March. We will be going to the Central Florida Zoo. Here is what we will be up to in our subject areas.

In **ELA**: The FSA is coming up! Students will take their ELA FSA on: Tuesday April 5th and Wednesday April 6th.

The **Math** FSA will be on Monday May 9th and Tuesday May 10th.

Please make sure students arrive to school on time/early these days.

Ways to help at home:
- Talk with your child about taking their time and using their test taking strategies that they have practiced all year in class.
- Remind them that they are amazing and they will do great.
- Practice telling time on an analog clock!

In **Science** we will be learning about plants and their needs.

Ways to help at home:
- Talk about the parts of plants that we eat. Example: carrots are the roots.
- Take care of a plant at home. Discuss things your plant needs.

In **Social Studies** we will be learning about maps and landforms.

Ways to help at home:
- If available at home, review features of maps and globes (such as map keys)

---

4TH GRADE

**Thank you** to all of the students, parents, and staff who helped make our Blacklight Bowling a huge success at the 10-year celebration carnival. All money earned will help to offset the cost of our annual 4th grade field day we will hold during the last week of June.

Spring break and the end of quarter 3 are just around the corner. Be sure to check grade book with your child on a regular basis.

We are gearing up for the FSA writing test, held the first week of April. More information will be coming home closer to the date.

There is no mandatory retention in 4th grade; FSA tests are simply a tool used to measure your child's academic growth this year. And what growth they have made. We are so proud of their hard work!

---

**NURSES CORNER**

The clinic is in need of PANT donation in sizes 14-16 and higher for girls and also brand new undergarments of that size and higher.

Please send your child with water to school. With the change in weather, I am seeing some scratchy throats or allergies. Allergy medication works best with water added in. Cough drops need to have a doctors order to administer or have on the student.

Thank you! Nurse Rayna
ELDERLY ARRAYS SPECIAL AREA

Save the date!!
Come join the Treblemakers Elementary Music Club for their End of Club Showcase on Wednesday, April 20th at 6pm in the Theatre. The show will be filled with wonderful music and fun! See you there!

TSquad/Musical Theatre
We have a field trip to see the show at the News Journal Center at Daytona State College is happening on April 15th.

Computers
In Mrs. Iorio’s Introduction to Computers, Mrs. Proctor’s class is creating PowerPoint slides on a famous Hip Hop or Rap artists. The PowerPoint will have who the artist is, when and where they were born, and three fun facts on him/her. All PowerPoints will be posted on my classroom connect website when completed, https://ivcscompappelementary.weebly.com/.

MATILDA

Matilda is our spring musical with shows April 8th and 9th at 6:30pm and April 10th at 2:30pm. Tickets are $10 for floor seats and $5 for balcony seats. Tickets will be available later this month on our website. 3rd-8th graders auditioned in January and have been practicing ever since.

---

Matilda Cast List

Thank you to everyone who auditioned! Understudies are posted as well.

ALL UNDERSTUDIES ARE GUARANTEED ONE PERFORMANCE.

STAGE MANAGER: Collin Billette
ASST STAGE MANAGER: Kamryn Samuel

Tech Crew:

REHEARSALS BEGIN JAN 19th, 2-4:30
TECH DOES NOT NEED TO ATTEND UNTIL LATER IN THE SCHEDULE.
YOU WILL BE NOTIFIED!
STEM

STEM students finished their STEM-Land Carnival after a few weeks of critical thinking and perseverance. Students were proud to have completed the project and have families enjoy the experience during Ivy Hawn’s 10-Year Carnival. I plan to host STEM-Land as an annual event. Look forward to the return of our experience next year!

Students have begun the preliminary phases of their middle school Science Fair projects. Many students have submitted topics at this point and have begun working on their research plans. I am guiding students through the process and helping them along the way. Our STEM curriculum allows time for students to complete most aspects of their project at school. Final projects will be submitted through Powerpoint; a trifold board will not be required. Students will practice nature of science components each day in class as we conduct our research.

FILM AND ANIMATION

Students have started production of the third episode of the Ivy Hawn Scoop. Students are learning about some of the different jobs that help put a show together such as a stage director, camera operator, boom operator, scriptwriting, and on-air talent.

Students have been learning about the importance of music in film. We just finished up an audio re-mix project. Students were given the choice between four different clips with no audio, and they had to add in their music and sound effects. The students also learned about Foley sound effects and had a wonderful time with a hands-on project of making their sound effects with different props.
**DANCE**

Junior and Senior Illumination Dance Teams

“Hawncore Performance” will be April 1st at 6:30pm. Tickets will be $3, sold at the door, and dancers will be performing all of their competition dances! We will have guest “judges” – (alumni) – who will be creating special awards for each dance to present at the end.

Senior Illumination Dance Team is going to Disney!! They were selected through an audition process to partake in a Disney Dancer Workshop and will get to perform at Disney Springs on April 25th at 3:45pm on the Waterside Stage!

Middle School Dance Tech students will be performing, “The Human Spectrum” – a dance production about all of the emotions we go through as we grow and the importance of acceptance. This will be on Thursday, May 19th at 6:00pm. Tickets will be sold for $5 and will go on sale May 1st.

The Illumination Dance Team Finale performance will be May 13th at 6:00pm. This show will highlight Junior Team competition dances, Senior Team 8th grade solos and student choreography, as well as include our alumni! Tickets will go on sale May 1st for $5.

Senior Illumination Dance Team auditions for the 2022/2023 team will be Wednesday, May 18th from 2:15 – 4:30pm

**AGRISCIENCE**

Hopping into Spring Break, the elementary classes have been studying rabbits. We’ve been looking at different breeds, how they are alike and different. Students have also been discussing proper rabbit care including nutrition and grooming. To cap off our unit, we’ve had a rabbit in Mrs. Potter’s class that the students have been able to pet and identify the breed.

6th-8th grade Introduction agriculture has been focusing their attention on rabbits. They’ve studied many different breeds, how to care for rabbits and before we leave for Spring Break, they will have a rabbit lab. This lab will include having rabbits in class that students will be identifying by breed. The 8th grade Fundamentals class is beginning to prepare for our certification testing. Students are working through study guides and when we return from Spring Break we’ll be working through some Canvas course work. I have every confidence that they will do amazing!
'22 YEARBOOK
